Payment options

• Care Plan

When we have dealt with your immediate treatment needs, we will discuss the benefits of you joining our Care Plan. Our Care Plan allows patients to spread the cost of their dental treatment by paying an agreed amount each month by Direct Debit.

• Essentials Plan

Similar to our Care Plan, our Essentials Plan covers the cost of dental examinations and hygiene appointments (paid by monthly Direct Debit). Any additional treatment is provided on a discounted private basis.

Worldwide dental injury and emergency cover is included in both plans and you will also have access to a 24-hour helpline. Both plans are administered by DPAS Limited, who is authorised and regulated by the Financial Services Authority.

• Private treatment

We also provide dental care on a private basis, allowing you to pay for your treatment as and when required. A list of the typical costs involved is available at reception.

Similar options are available for children.

Emergencies

Whenever possible please contact us about emergencies during normal practice hours, preferably before 10am. In case of an emergency out of hours please telephone the practice number.

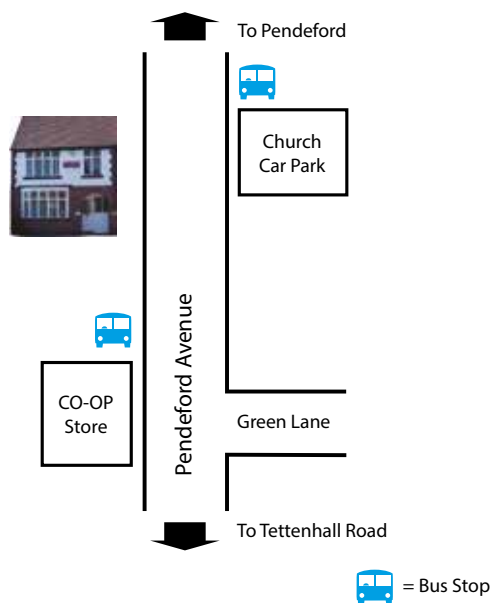

If we are not in, the answering machine will give you the number of the dentist to call. If treatment is necessary we will do our best to arrange it the same day.

If you have any queries, please ask a member of staff.
